## Morrison's Apprenticeship Assembly

Last week we were delighted to welcome Morrison's in to deliver a session to students regarding their apprenticeships options.

### *Degree Apprenticeships*

Get paid while learning on-the-job and taking responsibility for people, projects and operations at Morrison's. As an undergraduate student, studying towards a degree in business and management, students will study a Chartered Manager Degree Apprenticeship at Bradford University or Sheffield Hallam University in weekly blocks. All travel and accommodation for this will be paid for by Morrison's. At the end, you will gain a full chartered membership of the CMI.

This is a 3-year scheme, 104 UCAS points.

### *Apprenticeships*

This 4-year long scheme involves 80% on-the-job working. The remaining 20% is spent at a college or on training days.

#### Finance

Learn the skills you need to enjoy a rewarding career in finance on our varied 2-year apprenticeship.

#### Engineering

Learn to become a multi-skilled maintenance engineer in the fast-paced world of food manufacturing.

#### Butchery

Where better to develop your skills, grow your career and cut it in butchery?

## You've applied to university, what are your next steps?

Year 13 students will have an assembly this week about confirming their offers. Here is some helpful information to support this. If the university offers you a place, you'll need to reply to them once you have decisions from all the universities you've applied to. Your reply by date will be listed in Track (go into your UCAS profile). There are three types of replies you can make:

- **Firm** – this would be your first choice.
- **Insurance** – this is your back-up choice if you don't meet the conditions of your firm. You can only accept an insurance choice if your firm choice is a conditional offer.
- **Decline** – you'd need to decline any other offers.

This means that of the five offers you may have, you will select one as your 'Firm' choice, one as your 'Insurance' choice and decline the other three.

For more help and support, please come to chat with a member of the Sixth Form team.

## Careers within the UK Government / Civil Service

*Monday 13th March, 5–6pm*

Are you curious to uncover the mysteries of a top-secret UK government defence agency? Do you think you have what it takes to work for such a high-security organisation?

This event with the Defence Nuclear Enterprise (a Government / Civil Service Agency) is a rare opportunity for students to hear from one of the most top-secret and highly secure agencies. The Defence Nuclear Enterprise (DNE) operates as a top-tier security organisation under the umbrella of the UK's Ministry of Defence. Their robust military forces and strategic partnerships with allies both home and overseas help maintain national security, advance our interests, and protect the prosperity of the UK.

This virtual Insight Evening will be largely focused on DNE's Diversity and Inclusion programmes within the workplace. This will give students the chance to learn more about the defence industry, as well as enabling them to gain some stimulating work experience. There will be an exclusive mini project for students to take part in, giving an insight into the sort of projects DNE staff work on day-to-day.

DNE is also launching some really exciting, brand new apprenticeship programmes, which the team will discuss in detail throughout the webinar. As a school leaver, these programmes can be your stepping stone straight into the world of national security so if you're looking to start your career off with an exciting role within civil services, this could be your perfect opportunity!
