

THE SIXTH

15–24 July 2024

THIS WEEK...

UCAS AND
APPRENTICESHIP
APPLICATIONS

In the final week and a half of the school year, we have several activities which will bring us together as a whole school community.

SPORTS DAY

On **Wednesday 17th July**, Year 12 students will be in lessons Period 1–3. The rest of school will then be out on the field at the start of Period 4. Sixth Form students will then be allowed to leave at that time.

YEAR 13 RESULTS DAY

Please [click here](#) to read the letter sent home about A' Level Results Day on **Thursday 15th August**.

YEAR 13 IAG

Many thanks to all parents who attended the IAG on **Wednesday 10th July** with Mr Mullin and Mrs Jennings. Please see Class Charts for a link of the recording.

FOUNDERS' DAY

On **Monday 22nd July**, Year 12 students will participate in a wide variety of tasks including a celebration assembly and a staff vs students rounders game!

YEAR 12 IAG

There will be an online IAG evening for parents about the UCAS process on **Tuesday 23rd July** at 6.30pm. The link will be sent out next week on Class Charts.

PSYCHOLOGY SUPPORT

Mrs Edge will be holding Psychology support on **Thursdays** starting this week from 1.30–2.05pm in S109.

GATEWAY SUPPORT

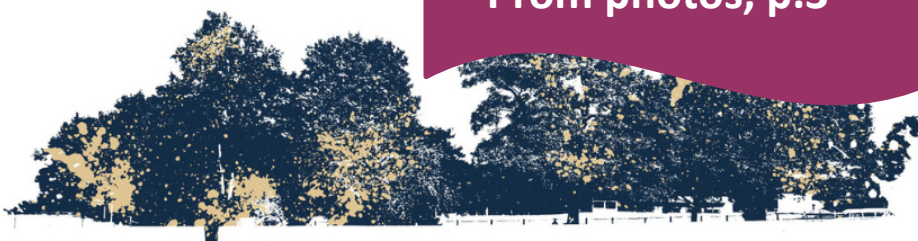

Dr Dodds will be running a Gateway Support session on **Wednesday 17th July** (see p.8 for further details).

LAST DAY ARRANGEMENTS

Sixth Form students will be in lessons 1 and 2 as normal. Break will then be extended for 45 minutes. All students will then need to make their way down to the Lower Hex for an end-of-year quiz!

Careers Evening

Our Careers Evening on **Tuesday 9th July** attracted a packed crowd of enthusiastic students, parents and guardians. The Main Hall was a hub of activity, featuring numerous companies, colleges, universities, and engaging talks from Lymm High Sixth Form, Warrington and Vale Royal College, an ex-student currently pursuing a Degree Apprenticeship, and our Careers Advisor.

Parents and students had the chance to interact with representatives from:

- **Local and National Companies** – These organisations provided invaluable insights into various industries, career opportunities, apprenticeships and the skills necessary for success in the workforce.
- **Colleges and Universities** – Discussing their academic programmes, entry requirements and student life, giving students a view of higher and further education options.
- **Vocational and Training Providers** – These exhibitors highlighted alternative educational pathways, such as apprenticeships and vocational training, which appealed to students interested in hands-on learning experiences.

The response from students and parents was overwhelmingly positive. Many parents found the event incredibly informative, with one remarking, “The students at the Sixth Form stall were a credit to the school, so enthusiastic and positive about their studies. The young Degree Apprentices on all of the stalls were also really inspiring.”

Thank you to everyone who attended and contributed to making this evening such a success!

NEWS

Year 13 BTEC Fashion Show

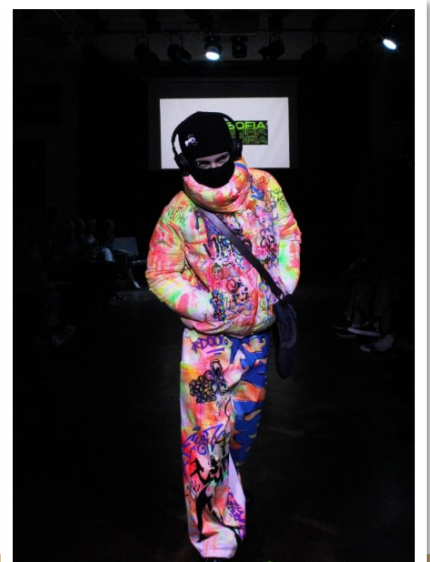

The Visual Arts department celebrated the hard work and efforts of students at the LHS Fashion show on **Thursday 20th June**.

The evening was a fantastic opportunity for Year 13 BTEC Level 3 Fashion students to showcase their garments to a large audience of parents, relatives, friends and school staff.

“The models, who consisted of students from all year groups and some external friends of the BTEC Fashion students, did the designers proud”, said Miss Simms. “They modelled so professionally and confidently, showing off the amazing garments designed and created by our students.”

This year, BTEC Fashion students not only showcased their final collections down the catwalk, but they also set up an exhibition space for viewing before the start of the show. This was a great addition, and allowed visitors to view the wide range of work that students produce as well as their final collection such as textile pieces, samples and digital work. [Click here](#) to view the booklet created by the BTEC students, which includes more information about their individual collections.

The annual fashion show is a wonderful way to end the BTEC Level 3 Diploma in Fashion course, with all students going on to study Fashion-related degrees or apprenticeships, such as Fashion Communication at Manchester Metropolitan University.

NEWS

Careers in Maths

On **Wednesday 10th July**, two former Lymm High students delivered a talk to our A' Level Maths cohort where they spoke with great enthusiasm about how studying advanced level maths helped shape their chosen career paths.

Many thanks to Dr Parsons and Mr Bennett for organising this engaging talk.

NEWS

Designers of the future

On **Thursday 4th July**, a group of Year 10 and 12 students set off to London to visit the New Designers show at the Business Design Centre.

New Designers is an annual exhibition that brings together the best graduate design talent from across the UK, displaying the work of over 3000 talented graduates from a range of disciplines, including graphics, product design, illustration, motion arts and much more.

Having the opportunity to see the latest trends in design is invaluable to students who have an interest in pursuing a career within the visual arts or technology. As well as this, the Lymm High students who study Design and Technology, 3D Design, Art and/or photography, discovered the wide range of universities and different degree courses that may be of interest to them in the future.

New Designers welcomes school students with the aim of inspiring the next generation of designers and the exhibition certainly inspired! The quality and sheer amount of work on display throughout the exhibition was incredible. The group spent time exploring the various universities' stalls, asking the students questions about their work, their journey so far, and their plans for the future.

The students also had time to explore some of the surrounding areas, such as Camden passage, with its quirky independent shops and cafes. They spent time taking photographs and drawing from the busy London streets, gathering vital primary research that will be useful in their current coursework projects back at school.

GATEWAY SUPPORT

Early UCAS applications

Dr Dodds is running a session on Sports Day (**Wednesday 17th July**) to look at personal statements and steps going forward with UCAS applications.

This is aimed at Gateway students, and all Gateway students are encouraged to attend. If you are applying for courses with an entry deadline of **Tuesday 15th October** (medicine, dentistry, veterinary science, Oxford or Cambridge) then you **MUST** attend this session. If you are applying for other courses then you are welcome to attend as well.

The session will start in the Lower Hex but will move up to the Upper Hex to do some work on computers part way through.

If you have any questions, please contact Dr Dodds.

Please note that the session will move to the Friday (reserve Sports Day) if Sports Day has to change.

FUTURES OPPORTUNITIES

APPLYING TO APPRENTICESHIPS

Apprenticeships

- Please [click here](#) to see this week's list of current apprenticeships in the Warrington area.
For further details and to apply for any of these vacancies go to the [National Apprenticeship Website](#).
- [Click here](#) for the 2022 Top 100 Apprenticeship Providers.
- Further opportunities in Cheshire and Warrington can be viewed [here](#) and [here](#).
- Don't forget to use [Unifrog](#) to search for Apprenticeship opportunities too!

Pfizer Marketing Manager Apprenticeship

As a level 6 Marketing Manager, you will play a vital role in supporting projects and initiatives. This involves collaborating with cross-functional teams, fostering relationships with internal and external stakeholders, and managing budgets effectively.

Your work will contribute to the development and execution of marketing and business strategies, ensuring alignment with brand strategies and gathering valuable customer insights.

- In this dynamic role, you will gain valuable experience in pharmaceutical marketing. You'll have the opportunity to demonstrate leadership by coordinating cross-functional teams and driving projects towards success.
- Managing budgets and financial planning will enhance your financial acumen.
- Collaboration with customer-facing teams will improve your customer engagement and relationship-building skills. Moreover, your contribution to gathering customer and patient insights will sharpen your market analysis abilities.
- This role allows you to work independently and as part of a team, develop exceptional attention to detail, and refine your presentation skills for both verbal and written communication. It's a chance to make a meaningful impact in a challenging and rewarding environment.
