

THE SIXTH

22–26 January 2024

THIS WEEK...

EMPATHY AND YR12
ASSESSMENTS

All students will attend Hall assemblies on Empathy this week. Please make sure you know which date to attend (see p.2).

ASSESSMENTS & EXAMS

Year 12 students will sit assessments this week. We wish them the very best of luck with these.

Year 13 students have only 4 school weeks until their mock exams. A reminder that school opens at 7.30–5pm each day. See p.4 for intervention timetable support sessions on offer.

AFRITWIN PARTNERSHIP

There is an Information Evening on **Monday 22nd January** to discuss the partnership with a Kenyan school for Year 12. See also p.5 and 6.

STUDENT FINANCE TALK

On **Wednesday 21st February** we are holding an online Student Finance talk for all parents at 6–7pm. Further details to follow.

EPQ

Reminder for all Year 13 students who are completing the EPQ to keep on top of their ProjectQ accounts. In addition, the EPQ presentations will take place on **Wednesday 7th February**, Period 5. Room TBC.

Year 12 students see p.3.

HOLOCAUST MEMORIAL

Holocaust Memorial Day is on **27th January 2024**.

Students will watch an online assembly this week recorded by the students who visited Auschwitz last term as part of the 'Lessons from Auschwitz' project.

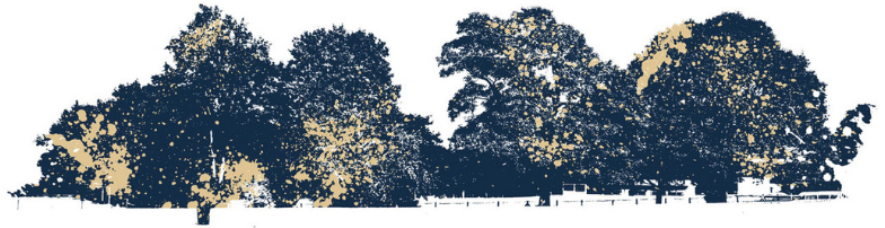

UCAS DEADLINE

The external deadline for UCAS applications is **Wednesday 31st January**. School must receive these before **Monday 22nd January**.

NEWS

Year 12 University Trip to Edge Hill

Wednesday 20th March

Year 12 will visit Edge Hill as part of their Future Careers programme. The cost of the trip is £15 and the consent and medical information are available to be completed on ParentPay. The deadline for sign up is **Monday 19th February**. Edge Hill is a campus university and we will have workshops on how to write a personal statement and a campus tour. More information can be [found here](#).

Year 12 EPQ

If you are in Year 12 and are considering the EPQ then you will need to start thinking about possible research areas you are interested in. Mr Mullin has now set up a group on Teams with plenty of useful information for you to look at.

If you are no longer interested in the EPQ, then please let Mr Mullin know as soon as possible.

Vending machines

The vending machines are now back up and running in the Lower Hex. Please note that your bio-metric / school food account will not work on the machines, instead you can use cash to purchase items.

If you have any questions, please see Mrs Hughes on Sixth Form Reception.

- Further opportunities in Cheshire and Warrington can be viewed [here](#).
- Don't forget to use [Unifrog](#) to search for Apprenticeship opportunities too!

The Unifrog logo is displayed in white lowercase letters on a green square background.

Apprenticeship Accelerator

Thursday 1st February, 5–6.40pm

At this free, virtual event, students can join RateMyApprenticeship and some of the UK's best Apprenticeship employers for an exclusive look at apprenticeships and how to get the most of out of the application process.

Students can meet current and former apprentices and get the low down on everything from how to apply for an apprenticeship to finding out how to be successful at an interview and assessment centres.

Agenda

- 5–5.35pm **Do you really need a degree for your dream career?**
If you've found an industry you're passionate about, is university the way to go? Here you'll learn the main differences between apprenticeships and university and how to determine which works for you.
- 5.35–6.05pm **What are employers really looking for?**
A deep dive into why employers use interviews and assessment centres and how you can master the application process.
- 6.05–6.35pm **From Apprenticeship to Board Room**
What happens after you've finished your apprenticeship? Hear from a panel of inspiring former apprentices on how an apprenticeship shaped their career.

For further information, and to register, [click here](#).

IBM Apprenticeship opportunities

February 2024

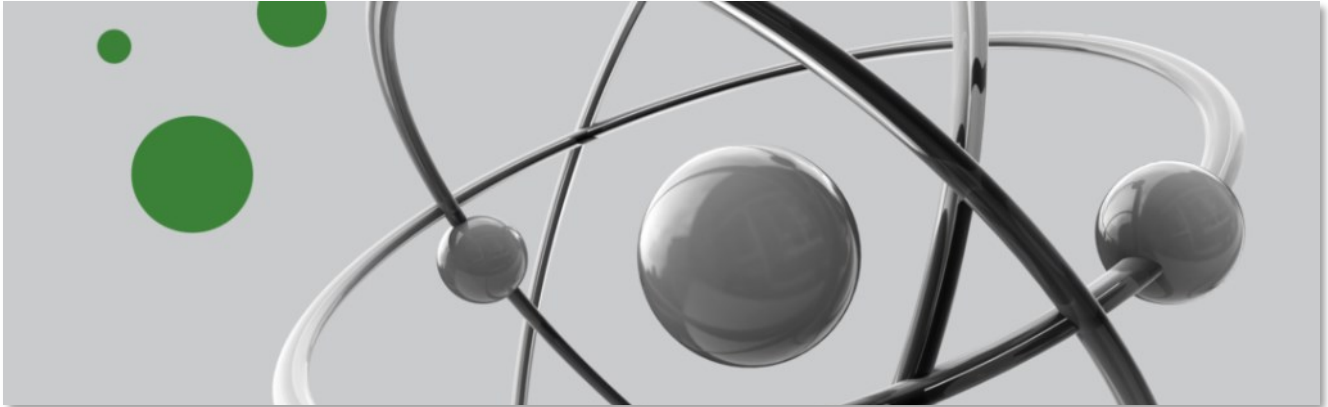

IBM is soon opening applications for many of its apprenticeship schemes for both degree and regular apprenticeships. It will also be accepting applications during National Apprenticeship Week (5–11th February).

- **Opening Monday 5th February**
Level 4 Junior Management Consultant, DevOps and Test
- **Opening Thursday 8th February (open for one day only)**
Level 6 Digital and Technology Solutions Degree

To register your interest, [click here](#).

NNL'S Apprenticeship Programme

January and February 2024

The National Nuclear Laboratory (NNL) is looking for apprentices with disciplines in Science, Technology, Engineering, Mathematics and Business Administration to join it as permanent employees in September 2024.

The apprenticeship programme enables students to continue their learning journey whilst taking that initial career step into the exciting nuclear industry. All apprentices work on challenging projects, learn from industry experts, undertake practical training, and work towards recognised qualifications.

NNL is looking for people who can be part of its future, push the limits of what's possible, excel in their chosen field, and make a difference to society. "Apprentices are our future", says the company, "which is why we challenge them, stretch them, and support them every step of the way. It is currently recruiting in Cumbria, Lancashire and Cheshire for the following roles:

- Scientific Apprentices
- Craft Mechanical and Electrical Engineering Apprentices
- Safety Assessment Apprentices
- Business Administration Apprentices
- Project Controls

At virtual sessions (via Teams), students and parents can learn more:

Thursday 25th January, 5–6pm, [Click here to join the meeting](#)

Tuesday 6th February, 5–6pm, [Click here to join the meeting](#)

To find out more information about the roles and how to apply, [click here](#).

CAREERS

Our [careers website](#) includes a [calendar of events](#), [labour market information](#) and a link to [Unifrog](#).

In Cheshire and Warrington, the industry sectors that are growing include life science, digital & technology, logistics & distribution, energy, zero carbon and clean growth. Find out more [here](#) .

Key sectors with significant levels of employment are: chemicals, manufacturing & engineering, finance & business services, and health & social care.

Year 13 12-month STEM placement

Start date: Summer 2024

The Year in Industry (YINI), part of the Engineering Development Trust (EDT), offers pre-university students a free extra resource when searching for year out, paid work placements. These placements give students the opportunity to check out STEM careers, make informed decisions about which study or career path to take, and can lead to sponsorship or apprenticeship opportunities. Candidates placed through the YINI scheme have access to additional mentor support, one day master classes and industrial accreditation. This latest opportunity is for a Managed Services Analyst based in Sale.

The role at Thinc is aimed at students with an interest in computer science, and will involve working in Infrastructure Support in IT Managed Services and Security. An interest in computer hardware, operating systems, security, supporting infrastructure, and how businesses apply technology is preferred.

The successful candidate will interact with individuals from many areas of the business and have opportunities to develop technical, communication and coordination skills. Internal projects include deploying new automation technologies, upgrading internal systems and security activities.

For further information about the company, [click here](#).

Interested students can email Atherton at EDTPlacements@etrust.org.uk stating the vacancy reference number 010NW.

To view the latest online University events, [click here](#).

These are listed in chronological order and include Open Days (in-person and virtual), online chats and webinars. Students can browse these events and engage with higher education from the comfort of their mobile, tablet or computer.
