

THE SIXTH

“ THIS WEEK... ”

NATIONAL
APPRENTICESHIP
WEEK!

7–11 February 2022

This week is National Apprenticeship Week. There are lots of webinars, fairs and other events going on and we have devoted pages 3–17 to cover this important annual event.

**BUILD THE
FUTURE**
#NAW2022

Careers talk

We have two ex-students, who are health professionals, coming into school on **Friday 11th February** to speak to Year 12 and 13. Please grab your lunch and come along to N103 at 1.30pm if you're interested in Physiotherapy or Occupational Therapy.

South Africa Sports Tour

In July 2023, our PE department is planning a sports tour to South Africa. The country was selected for the variety of sports that are easy to access, its culture and history, and the once-in-a-lifetime experiences that it has to offer.

If you'd like to read more about this proposed trip and show an expression of interest, [click here](#). The deadline is now **Monday 7th February**.

Year 13 Mocks

An overview timetable of the mock examinations can be [found here](#).

Individual timetables will follow shortly.

Applying to competitive universities

Sheffield University will be joining us on **Wednesday 9th February** at 2pm to discuss applying to Russell Group and Selective Universities. These universities typically offer students the opportunity to study there if they receive A*–Bs in their A' Levels. Please attend the talk in the Lower Hex.

The
University
Of
Sheffield.

WHAT'S ON THIS WEEK

CALENDAR

7–11 February 2022

DAY	YEAR 12	YEAR 13	OTHER EVENTS
MONDAY	National Apprenticeship Week launch	National Apprenticeship Week launch	Oxford Schools Regional Debating practice, 3.30pm, N206 Lymm Radio meeting 1.30pm
TUESDAY	How to search for apprenticeship vacancies	How to search for apprenticeship vacancies	Parents Apprenticeship Session, 6pm (see p.6)
WEDNESDAY	Writing a CV for an apprenticeship	Recap: Writing a CV for an apprenticeship	Applying to Russell Group Universities, 2pm (see p.1)
THURSDAY	Assessment centres and what to expect	Assessment centres and what to expect – Graduate schemes and apprenticeships	CV writing session, 4.30pm (see p.6)
FRIDAY	Application timeline	Application timeline	Health Professional careers talks 1.30pm, N103 (see p.1)

WHAT'S ON THIS WEEK

National Apprenticeship Week

Parents

Use the **#AskAnEmployer** hashtag during 12–2pm on **Tuesday 8th February** and encourage your followers to ask questions about how apprentices have developed your business, helping them to see the real business benefits.

The theme for National Apprenticeship Week 2022 is 'Build the Future'. We are encouraging everyone to consider how apprenticeships can help them to develop the skills and knowledge required for a rewarding career, and how employers can use them to develop a workforce with future ready skills. Alongside talks in school we are encouraging students to join the free webinars from top companies that are being run online this week.

There are talks on apprenticeships in:

- Engineering construction
- IBM technology
- Financial Conduct Authority
- Arcadis
- Utilities industry
- Rail industry
- Women in plumbing/electrician careers
- Accountancy
- Nuclear workforce
- Ministry of Defence
- Degree level apprenticeships are also available.

For a full listing, see pages 8–11. For more information, and to register for any of these events, [click here](#).

National Apprenticeship Week #NAW2022

Apprenticeships increasingly offer a brilliant alternative to a full university degree, however, they can be difficult to understand. National Apprenticeship Week offers students the opportunity to learn more about apprenticeships across the country.

At school we will be talking to students about how to apply for apprenticeships (they can be advertised anytime throughout the year) as well as how to combine an apprenticeship with a university degree.

What do you know about apprenticeships?

Test your knowledge with this fun quiz and learn a little more about what roles are available, when to apply, when companies advertise and what they might be looking for.

Can you get 10/10?

Take this quiz to find out: [The Apprenticeship Quiz 2022](#)

You can keep up to date with National Apprenticeship Week 2022 updates on social media by following [@Apprenticeships on Twitter](#) and [Apprenticeships on LinkedIn](#). Use the hashtags #NAW2022 and #BuildTheFuture on social media activity.

To find out more about apprenticeships, visit: www.apprenticeships.gov.uk

FUTURES OPPORTUNITIES

Information sessions for parents & students

During National Apprenticeship Week the organisation Amazing Apprenticeships will be delivering two virtual sessions to help parents and students know more about apprenticeships: a parents session and a CV writing session.

Parents apprenticeship session

Tuesday 8th February, 6pm

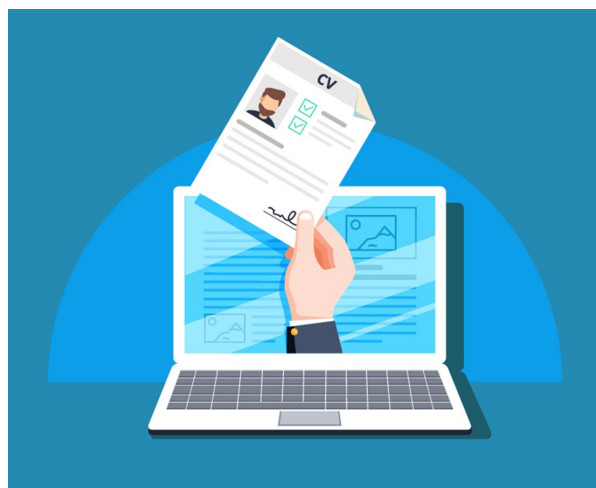

This parents session, delivered by All About STEM, is intended to support parents/carers with their knowledge and understanding about apprenticeships. For many parents/carers, apprenticeships are seen as something to avoid as the experience of what an apprenticeship was 20+ years ago is very different to what it is today! This session will be providing up-to-date information as well as doing a bit of myth busting. There will also be time throughout to ask questions.

To access this session, click on this [Zoom link](#), which will allow people to register using the name of the school. The session is completely free of charge, and parents/carers of any child across any year group are welcome.

CV writing session

Thursday 10th February, 4.30pm

This session is designed to support learners with their understanding of what it means to create a good quality CV. Learners are required to create a CV whether they are looking for an apprenticeship, work experience, employment or voluntary work. A good CV follows the same format whether you're applying for your first job or your fifth job so it might well be a helpful session for any member of the household! The session will guide you through CV structure and provide hints and tips to make sure that your CV stands out from the crowd. To access this session, you need to register using this [Zoom link](#). The session is again, completely free of charge, and is open to any learner across any year group.

FUTURES OPPORTUNITIES

National Apprenticeship Week is a time to celebrate the value of apprenticeships, and there are plenty of fairs and events taking place locally throughout the month.

Monday 7th February 2022, 10–12pm, Online event

Kids Planet Nursery: Building the future for early years

The event will focus on early years childcare apprenticeship opportunities. You will have the chance to take a virtual tour of one of the nurseries and speak to current and previous apprentices about their experiences.

To book, [click here](#).

Wednesday 9th February 2022, 10–3pm, Frontier House, Merchants Quay, Salford M50 3SR

Salford City College Recruitment Session

Come along and meet the recruitment team at Salford City College and find out what live vacancies you can apply for. Please email first to make an appointment.

To book, [click here](#).

FUTURES OPPORTUNITIES

**Wednesday 9th February 2022, 11–8pm, SETA
Engineering Training centre, Reddish, Stockport SK4 1PQ
Seta Engineering Apprenticeship Open Day/Evening**

An opportunity to find out about Engineering Apprenticeships, training and employers, and take away an application for 2022.

For more information, contact Simon Artley (sartley@setatraining.com) or Lisa Harris (lharris@setatraining.com).

**Thursday 10th February 2022, 4–7pm, Horwich Business Park, Chorley New Road, Horwich,
Bolton BL6 5UE**

Alliance Learning Apprenticeship Open Evening Event 2022

An open evening that will give you the opportunity to find out more about apprenticeship opportunities.

To book, [click here](#).

**Thursday 10th February 2022, 4–7pm, Kendal College, Milnthorpe Road Campus, Kendal
LA5 9AY**

Kendal College Apprenticeship Open Evening

An information evening which will provide information for parents and students on local apprenticeship opportunities and how to find an apprenticeship.

To find out more and book, [click here](#).

**Thursday 17th February 2022, 4–8pm, 17 Sedling Road, Wear Industrial Estate, Washington
NE38 9BZ**

Seta Engineering Apprenticeship Event

This face-to-face event has been created for young people and their families to view Seta's facilities and talk to them about their apprenticeship opportunities.

To find out more and book, [click here](#).

[Click here](#) to browse apprenticeships based on interest and location.

Tips on finding an Apprenticeship

www.findapprenticeship.service.gov.uk/apprenticeshipsearch provides an online vacancy search to help you find an apprenticeship. You can search without creating an account.

You will need to create an account to:

- apply for apprenticeships
- get email and text alerts about new apprenticeships and your applications
- track your applications

Higher and Degree Apprenticeships – You can find details of higher and degree apprenticeship vacancies using this [UCAS search tool](#). These include vacancies being advertised by a small group of employers well in advance of their September start date (or later), giving you plenty of time to consider all your options.

Please note that not all apprenticeships will be listed on the websites above. You might need to use these other ways too.

- **The internet and local newspaper** – check your local newspaper for vacancies or try searching online for local providers and employers.
- **College or training provider websites** – check the websites for local colleges and training providers as many advertise vacancies on their website. You can usually register your details with these and they will give you advice on how you can find an apprenticeship. Some colleges and training providers will also forward your CV to employers looking for apprentices.
- **Employer websites** – employers sometimes advertise on their own website. Search their site to find vacancies and get a better idea of what they're looking for in their employees.
- **Approach an employer** – you could directly approach an employer to ask if they would consider taking on an apprentice, then contact your local college or training provider who will do the rest.
- **Job vacancy sites** – Another place to look can be on the national job vacancy sites, which also include local search options. Have a look at: www.indeed.co.uk, www.monster.co.uk, www.totaljobs.com and www.jobsite.co.uk.

FUTURES OPPORTUNITIES

Tips on applying for an Apprenticeship

Here are some tips to help you apply for an apprenticeship:

- **Research the apprenticeship thoroughly.** You'll need to know the role inside-out for your application and any possible interviews. Check if there's a number you can call for an informal chat about the role – don't be afraid to ask questions if you're unsure about anything. Print out a copy of the vacancy so that you can refer to this when you are filling out your application.
- **Make a list of your experiences, hobbies and interests.** Print it off and keep it in front of you while you apply. You could also use your CV if you have one (see p.6). If you get stuck, you can refer to it throughout your application. You need to compare and match your experience with what the employer and training provider are looking for in their job specification.
- **Make sure you tailor your application to the job you're applying for.** Tie in your experiences and hobbies with what you'll be doing in the apprenticeship. For example, if you're applying for an apprenticeship in engineering, talk about relevant projects you've worked on in science or maths.
- **You'll need to be able to write about yourself.** If you're stuck, ask teachers, friends and family to list your three top qualities to give you a starting point.
- **Talk about your skills and qualities,** not just your hobbies. For example, if you've been the captain of the school football team, this shows leadership and teamwork skills.
- **The application form will be similar to a job application.** You'll need to provide examples to prove what you're talking about. For example, if you say communication is a strength of yours, have evidence to back this up – such as being on the school debating team.
- **Don't just spellcheck your application.** Get someone to read through it before you send it. Good spelling, punctuation and grammar are important.

Good luck with your applications!

FUTURES OPPORTUNITIES

Tips on finding a Traineeship

You may want to consider a Traineeship if you have been unable to secure an apprenticeship. The programme can last up to a maximum of 6 months with the content tailored to your individual career needs. A traineeship will usually include a work experience placement, work preparation training, and English and Maths if needed.

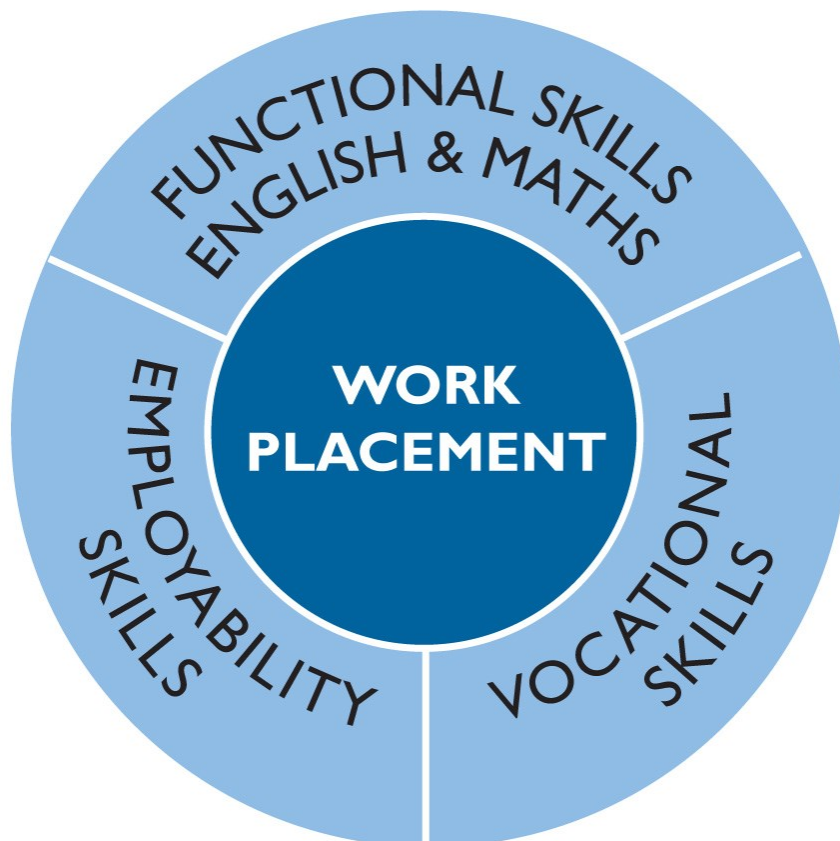

You could be suitable if you are:

- Motivated to work
- Unemployed, or work fewer than 16 hours per week and have little work experience
- Aged between 16–24 and qualified below Level 3

Traineeships are ideal if you are motivated to get a job but lack the skills and experience that employers are looking for.

To search for traineeship vacancies use the government's website:

www.findapprenticeship.service.gov.uk/traineeshipsearch

HSBC Investing in Futures

Apprenticeships play an important role in HSBC's business, and provide people an alternative route into a challenging and rewarding career. HSBC believes that apprenticeship opportunities are one of the very best ways to equip people with the skills they need to succeed.

As part of National Apprenticeship Week, the Early Careers team at HSBC will share their knowledge and expertise at virtual events with the aim of increasing awareness on the different levels of apprenticeships.

The webinars will all be free to attend, and will be hosted via Zoom. Students are able to register in advance through the following links. Spaces are limited, and will be allocated on a first come, first serve basis.

- **Careers in Banking & Finance**
Monday 7th February, 5–6.30pm
To register, click [here](#).
- **Your Journey into Banking Finance**
Tuesday 8th February, 6–7.15pm

HSBC Foundation Apprenticeship opportunities will be going live during the National Apprenticeship Week. These opportunities will be available to view and apply to via HSBC's [UK Apprenticeships](#) page.

BAE Systems Apprenticeships now open

Applications are now open for 2022 apprenticeships at BAE Systems. The closing date is **Monday 28th February 2022**.

Whether you choose an engineering or a business apprenticeship you'll be guaranteed a good salary; academic or vocational qualifications; hands-on training; and work where you can make a real contribution, doing work of vital importance. BAE Systems says that with an average of 2000 apprentices in learning, you'll be joining others who'll become great colleagues and friends for life.

Apprenticeship schemes on offer include:

- Software Engineering
- Electrical Engineering
- Project Management
- Maintenance
- Finance
- Business
- Aircraft Maintenance
- Welding
- Mechanical Engineering
- Management
- Design
- Sheet metal

For more information about the apprentice programmes on offer, [click here](#).

All apprentices receive support from managers who are dedicated to helping them make the most of their programme. Many of the company's employees started their careers as apprentices and, working alongside you, they are passionate about inspiring you to achieve great things.

BAE Systems is an inclusive employer and encourages applications from all parts of society. It is happy to discuss any necessary adjustments or arrangements that might help support your application. The company has specialist employees that champion diversity and inclusivity. A number of employee resource groups support gender, disability and LGBT issues for its employees and create strong networks of support and interest.

Interested in applying to Oxford or Cambridge Universities?

University choices, and making yourself a competitive applicant

Wednesday 9th March, 2–3.30pm

This session, delivered in Altrincham, will be interactive, and will explore course and university choice, and how to effectively undertake super-curricular exploration. Students who attend will hopefully leave with greater confidence and knowledge regarding their abilities so they can make informed choices, as well as an increased understanding about how to make themselves competitive applicants.

Spaces will be allocated on a first come, first served basis. It is recommended that students attend if they have the potential to apply to Oxbridge, but don't necessarily believe it themselves (those who are already thinking of applying would do better to sign up to the session below).

For further information, [click here](#). The deadline for applicants is **28th February**.

Oxbridge information and application session

Wednesday 9th March, 7–8.30pm

This event is aimed at those who are thinking about applying to Oxford or Cambridge, and would like to find out more about the universities and the application process. The sessions will be delivered by Admissions Tutors and Schools Liaison Officers from Oxford and Cambridge Universities.

Attendees should sign up individually, and are welcome to bring a guest with them.

Students wishing to attend should complete [this application form](#).

Lancaster University taster sessions

The student recruitment team at Lancaster University are highlighting ways in which they can support students and parents with their higher education (HE) journey. The following online events and subject tasters are being run this month:

- **TEA: Climate Emergency – Technology, Environment and Architecture**
Friday 4th March, 10–3.30pm

Thought-provoking talks from leading experts in Architecture will focus on Climate Emergency issues related to Technology, Environment and Architecture (TEA). This event takes place on the Lancaster University campus and is free and open to all (including lunch and refreshments). Prospective students, or those with an interest in the topics, are all welcome.

- **Virtual series on Student Life at Lancaster**
Tuesday 22nd February, 5–7pm
- **Sessions designed specifically for Parents and Supporters:**
Student Finance for Parents and Supporters
Thursday 17th February, 6–7pm

Why Lancaster? for Parents and Supporters
Thursday 24th February, 6–7pm

For Year 13 students who have already applied to Lancaster, regular Live Streamed Campus Tours are being run to give students a feel for the Bailrigg campus and student life.

CAREERS

Careers in banking and Finance

Monday 7th February, 5–6.30pm

This virtual Banking and Finance event brings together some of the world's largest financial institutions all under one roof. HSBC, Fidelity International, Goldman Sachs, Marsh McLennan and CIMA will be joining the event to talk to students about what it's like working in one of the most exciting, fastest growing, money-orientated industries you can get into!

Can you see yourself on the trading floors, buying and selling shares, helping corporations and individuals grow their wealth whilst working in a fast-paced environment where one right or wrong move could cost or make you billions! Have you heard of a little something called crypto? If this sounds exciting to you then this event is a must!

Joining the event will be some of the traders, asset managers and banking professionals from the industry to run through the basics on helping you get to grips with the financial industry. There will also be discussions about the future of finance, how FinTech companies are disrupting the market, as well as showcasing all the fantastic careers open to students including some fantastic work experience schemes you can book yourselves onto!

To secure your place, please register by [clicking here](#).

Careers in Technology Insight Evening

Monday 7th February, 5–6.30pm

This online technology-focused event will include some of the most prestigious and fastest-growing tech companies in the world, including IBM, VMware, Goldman Sachs, Capgemini, World Wide Technology, Virgin Media, Vodafone, Experian and QA.

This event is a fantastic chance to hear from some of the world's leading technology professionals and give you the chance to start learning about this fascinating, ever-evolving industry, and ultimately help you decide whether it's a path you'd like to pursue.

Throughout the evening you will hear from all the employers mentioned above in the form of mini-interactive workshops where you will be able to see first-hand how technology is changing the way we work and live in today's world.

Certificates will be awarded to those who attend the event. In addition, in-person work-experience opportunities will be up for grabs for the most engaged students.

On top of this, an event like this would not be the same without some amazing tech giveaways so you could win an iPad, Smart Speakers and more.

If you'd like to apply to this event, please [click here](#) to register.

CAREERS

Free online parent webinar: Success Beyond School

InvestIN's parent event series is designed to give parents the essential tools they'll need to support their child on their career journey. Events are run by leading experts and are free to attend.

The graphic features a dark red background. At the top left, the text 'SUCCESS BEYOND SCHOOL' is written in large white letters. To its right is a Trustpilot logo with five green stars. Below this, the text 'Events for parents to enhance their children's futures' is written in a smaller white font. In the center, there are three circular images: the first shows two people in a cockpit, the second shows a person in a lab coat working with a pet, and the third shows two women talking. On the right side, a young woman with long brown hair is smiling, wearing a blue InvestIN lanyard. A large yellow starburst graphic in the bottom right corner contains the text 'FREE TO ATTEND'. At the bottom left, a red banner contains the quote 'I will definitely be recommending this experience' in white text.

Upcoming events

- **Wednesday 9th February: Making it in Medical Sciences**

ALL AGES**

**GIRLS RUGBY
TRAINING**

ABOUT US

At Winnington Park Rugby Club we have a large junior section (and both women and mens adult teams) offering rugby training for girls from the age of 5 all the way up to the age of 18. Each age group has dedicated coaching staff, with every session focused, first and foremost, on the players having fun.

JOIN IN FOR GIRLS RUGBY TRAINING

Girls and boys train and play in mixed teams until they reach Year 7. Girls then form their own playing squads and partake in regular matches with other team from around Cheshire and the Manchester area. We train/play matches on Wednesday evenings and Sunday afternoons. For any more information, please do not hesitate to get in touch.

18.30 - 19:30	WEDNESDAY EVENINGS
13:00 - 14:30	SUNDAY AFTERNOONS
