Reports

Head Teacher's Report:

1. Mr Williams did not have anything new to say that hadn't been covered in recent newsletters. Coronavirus is causing challenges but the whole school community, both pupils and teachers, is coping well. Lateral flow testing is up and running in school. School have had one week of remote learning for the current lockdown and it has gone well on the whole. The school have received lots of supportive emails from parents which they appreciate.
 2. The school were successful in a bid for government funding to improve the roof on the sixth form block and the heating in B block.
